

## MicroStation V8i User Update - MicroStation V8 XM Edition to MicroStation V8i

---

**Course Type:** Classroom – Hands on

---

**Products Covered:** MicroStation

**Course Description:**

**Target Audience:** Administrator; Analyst; Application Developer; Architect; Architectural Designer; Architectural Engineer; Civil Engineer; Civil Engineering Technician; Construction Site Worker; Consultant; Designer; Design Engineer; Drafter; Electrical Designer; Electrical Engineer; Facility Manager; GIS Market Analyst; GIS Specialist; Hydraulics Engineer; Imaging Specialist; Instrumentation Drafter; Instrumentation Engineer; Manager; Mechanical Engineer; Mechanical Engineering Designer; Naval Engineer; Pipe Stress Engineer; Piping Designer; Piping Drafter; Planner; Plant Administrator; Plant Engineer; Process Engineer; Product Designer; Project Manager; Site Developer; Structural Designer; Structural Engineer; Structural Engineering Technician; Surveyor

The User Update course covers many of the new features and capabilities of MicroStation V8i with an emphasis on user interface and productivity gains. All of the major new capabilities of MicroStation V8i are covered in a series of hands-on exercises. Students will learn about Workflow Task based interfaces and Project Explorer among other topics.

---

After this course students will be able to:

**Learning Objectives:**

- Understand many of the new features of MicroStation V8i
  - Operate the software and new features confidently and productively.
- 

**Course Topics:**

- User Interface Update
  - Enhancements to Text
  - Project Explorer
  - Reference and Raster
  - Using Dynamic Views
  - Customization
  - Geo-coordination Tools
  - Printed Output
  - What's New in 3D and Visualization
  - MicroStation V8 XM Edition Select Update 1
  - MicroStation V8 XM Edition Select Update 2
- 

**Course Details:**

- **Course Prerequisites:** MicroStation Essentials
- **Learning Units:** 16
